BLOC 50

technical specification	
flow rate	-----
gasket material	GRAFOIL Grade GHE Laminate ePTFE Aramid fibers with NBR binder
plate material *	SA-240 type 316 SB-265Gr.1(TITANIUM)
frame material	SA-516
connection type *	flange (ASME , DIN)
manufacturing st.	ASME BPVC VIII-1
connection size	-----
design temperature	Max 400 C
design pressure	Max 40 Bar

* : the order can be prepared upon the customer's request
